Flight Club Newsletter April 2009

News & Updates

As spring approaches all of us at Air Center are looking forward to some Great days for flying.

For a limited time get checked out in the C206 at a discounted rate of \$70.00 per hour for up to 2 hours; some insurance requirements may apply. It's a great plane at a great price. Call Jody and get flying!

Our New 15,000 foot hangar is now complete. What makes our hangar so special? It is continually heated which helps with engine warm-up, and has lighting for your early or late night pre-flights in the hangar. On top of all of this you receive self-service fuel price from the fuel truck and we pull your plane in and out for you. If you would like a space call Dave, Daniel or Kevin at 801-566-4829

Thanks to all of you, our Flight Review Class was a big success with over 75 in attendance. A round of applause for our Super Flight Instructors Tim Miller, Craig Ide, Chris Brewer, and Eric Jeppsen for their time and important information. Last but not least, Jody Cox their fearless leader for putting it all together.

Be more prepared for your check ride; listen on your CD player or IPOD as an actual oral check ride exam is underway. Stop by our Pilot Shop and pick up your ASA Private Pilot Audio check Ride CD.

Our Mechanic Shop is very busy, but the best mechanic shops always are. Huy and all his guys do a wonderful job, next time your by stop in and let them know you appreciate them.

**Airplanes fly better when you're in them,
see you in the SKY!**
